Notwithstanding the foregoing, upon receipt of a request by Subscriber, Spectrum shall relocate the Equipment for Subscriber within Subscriber's home at a time mutually agreed to by Spectrum and Subscriber. Subscriber may incur a charge for such relocation and should consult a current Spectrum schedule of rates and charges prior to requesting such relocation. If the Subscriber moves residences outside of Spectrum's service area, Subscriber shall notify Spectrum that these Terms of Service shall be terminated and the provisions of Section 16 shall apply to such termination.

13. Access to Subscriber Premises: Subscriber authorizes Spectrum and its employees, agents, contractors and representatives to access and otherwise enter the Subscriber's premises to install, inspect, maintain and/or repair the Equipment or Wiring and, upon the termination of Service, to remove the Equipment from the premises. e. Email Address for Notice. Upon Spectrum's request, Subscriber will provide Spectrum with a current email address that Subscriber regularly checks so that Spectrum may provide notices and communications to Subscriber at that address. Spectrum's right to contact Subscriber as described in this Section survives the termination of these Terms of Service.

b. Termination for Bankruptcy: Spectrum shall have the right to terminate these Terms of Service immediately in the event that Subscriber makes an assignment for the benefit of creditors, or a voluntary or involuntary petition is filed by or against Subscriber under any law having for its purpose the adjudication of Subscriber as a bankrupt or the reorganization of Subscriber.

c. Termination for Breach: In the event of any breach of these Terms of Service by Subscriber, the failure of Subscriber to abide by the rates, rules and regulations of Spectrum, the failure of Subscriber to provide and maintain accurate registration information, or any illegal activity by the Subscriber using any Service, these Terms of Service may, at Spectrum's option, be terminated and the Equipment removed. Failure of Spectrum to remove such Equipment shall not be deemed abandonment thereof. Subscriber shall pay reasonable collection and/or attorney's fees to Spectrum in the event that Spectrum shall, in its discretion, find it necessary to enforce collection or to preserve and protect its rights under these Terms of Service. Spectrum may terminate these Terms of Service or Spectrum may reject an application or block access to or use of any component of any Service for any reason including, but not limited to, if:

- i. Subscriber violates these Terms of Service as solely determined by Spectrum;
- ii. The information required in the application process is or becomes incorrect, absent or incomplete;
- iii. Subscriber threatened or harassed any Spectrum employee, agent, contractor or representative (e.g., by abusive language, physical threats, etc.);

- v. The amount of technical support required to be provided to Subscriber is excessive as determined in the sole discretion of Spectrum.

vi. Subscriber further agrees that in the event of termination pursuant to subsections (b) or (c), Spectrum shall have no liability to Subscriber.

d. **Obligations Upon Termination:** Subscriber agrees that upon termination of these Terms of Service:

i. Subscriber will pay Spectrum in full for Services and Equipment through the end of the then-current monthly subscription service period.

ii. Subscriber will promptly return all Equipment to Spectrum. In the event that Subscriber fails to return any Equipment within ten (10) days of termination Subscriber shall be liable to Spectrum in accordance with Spectrum's then current schedule of charges for non-returned Equipment.

e. **Renewal after Cancellation or Termination:** Subscriber acknowledges and agrees that in the event of renewal after cancellation or termination of a Service, Subscriber shall be subject to the pricing, warranties, and Terms of Service as are effective at the time of such renewal.

18. **Spectrum's Right to Pursue Remedies and Subscriber's Indemnification Obligations.** If Subscriber breaches these Terms of Service, Spectrum has the right to seek compensation from Subscriber for such breach through arbitration or, if Subscriber has opted out of these Terms of Service' arbitration provision or we are seeking an order requiring you to do or refrain from doing something, in court. Additionally, if any person or entity brings a claim against Spectrum that arises out of Subscriber's relationship with Spectrum, the Services provided to Subscriber, the Terms of Service, or Subscriber's breach thereof or failure to comply therewith, Subscriber will indemnify, defend (at Spectrum's exclusive election), and release Spectrum from and against liability and reimburse Spectrum for any losses that Spectrum may incur, including reasonable attorneys' fees and costs, resulting from such claim. Subscriber's responsibilities under this Section cover any dispute, whether arising under contract, tort (for example, a negligence or product liability claim), violation of law or regulation or any other legal theory.

19. **Security Deposit:** Any security deposit required of Subscriber for the Equipment or Spectrum's Service will be due and payable upon the first monthly billing statement. Such security deposits will be returned to Subscriber within sixty (60) days of termination of Spectrum's Service so long as payment has been made for all amounts due on Subscriber's account and Subscriber has returned the Equipment undamaged. If Spectrum is holding a deposit on Subscriber's account, Spectrum has the right to apply the deposited amount against any outstanding balance or shortfall in payments.

20. Advance Payment: Advance payment may be required under certain circumstances including without limitation when specific Service offer conditions require it, Subscribers are unable or unwilling to provide information to establish credit worthiness or have an unsatisfactory credit rating. The advance payment will be equal to the applicable installation charge and one month of recurring charges, excluding taxes, fees and surcharges. The advance payment will appear as a credit and be applied to the first monthly bill. Spectrum reserves the right to refuse Service if the Subscriber fails to fulfill standard credit requirements. After Service has been established, the Subscriber will be responsible for the payment of all applicable charges, including taxes, fees and surcharges to avoid discontinuance of Service.

21. Content and Services: All Services are subject to change in accordance with applicable law and these Terms of Service.

22. Rates: All rates are subject to change to the extent permitted under applicable law and these Terms of Service.

23. Late Fee: If Subscriber's account is past due, and payment has not been received by the due date on the billing statement, Subscriber may be charged an applicable late fee in addition to Subscriber's past due balance at Spectrum's then current rate. If Subscriber's account thereafter remains unpaid, Subscriber's Services may be suspended or disconnected. Subscriber can avoid incurring late fees by paying Subscriber's monthly bill by the due date on the billing statement. Any late fees assessed are not considered interest credit service charges, finance charges or penalties.

24. Disclaimer: Spectrum assumes no liability for any program, services, content or information distributed on or through the Services and Spectrum expressly disclaims any responsibility or liability for Subscriber's use thereof. Further, Spectrum shall not be responsible for any products, merchandise or prizes promoted or purchased through the use of the Services.

26. Spectrum's Reservation of Rights: Spectrum reserves the right to refuse, suspend or terminate Service to any person at any time for any reason not prohibited by law. When practical, Spectrum will provide notice that is reasonable under the circumstances before suspending or terminating Service to an existing Subscriber, and Spectrum will provide any prior notice of suspension or termination that is required by law.

27. Indemnification: Subscriber agrees to defend, indemnify, and hold Spectrum, including its officers, directors, employees, affiliates, subsidiaries, and authorized agents (individually and collectively, "Spectrum Indemnitees") harmless from and against any and all demands, claims, suits, judgments, expenses (including without limitation reasonable attorney or witness fees), loss, damages to, or destruction of personal, real, or intellectual property, bodily injury or death of any person, and other liabilities arising from:

- a. The installation, operation, provision, or other use of Spectrum Services and/or Equipment;
- b. Any violation of Spectrum's Terms of Service , Acceptable Use Policy, or other published policies or requirements;

- d. Libel or slander resulting from any use of the Services by (i) Subscriber, (ii) members of Subscriber's household, (iii) Subscriber's guests, or (iv) any other person using the Services provided to Subscriber;
- e. Infringement or misappropriation of any patent, copyright, trademark, trade name, service mark, trade secret, or other intellectual property rights (whether by transmission or material or otherwise) by (i) Subscriber, (ii) members of Subscriber's household, (iii) Subscriber's guests, or (iv) any other person using the Services provided to Subscriber, including that effected through combination of Subscriber's use of the respective Service(s) with facilities, equipment, or services provided or used by Subscriber or obtained from third parties;

Subscriber shall be solely responsible for any damage to or loss of Spectrum Equipment, unless such damage or loss is caused solely by the negligence or willful misconduct of Spectrum Indemnitees.

28. Limitation of Liability.

a. THE LIMITATION OF LIABILITY SET FORTH IN THIS SECTION APPLY TO ANY ACTS, OMISSIONS AND NEGLIGENCE OF SPECTRUM AND ITS THIRD PARTY SERVICE PROVIDERS, AGENTS AND SUPPLIERS (AND EACH OF THEIR RESPECTIVE OFFICERS, EMPLOYEES, AGENTS, CONTRACTORS OR REPRESENTATIVES).

b. One Year Limitation Period. EXCEPT AS OTHERWISE REQUIRED UNDER APPLICABLE LAW, ANY CLAIM YOU MAY HAVE AGAINST SPECTRUM MUST BE COMMENCED WITHIN ONE (1) YEAR AFTER THE CLAIM ARISES. IF SUBSCRIBER DOES NOT BRING A CLAIM WITHIN THIS PERIOD, SUBSCRIBER IS BARRED FROM BRINGING SUCH CLAIM, AND SPECTRUM WILL HAVE NO LIABILITY WITH RESPECT TO SUCH CLAIM.

c. Damages. TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW, UNDER NO CIRCUMSTANCES SHALL SPECTRUM BE LIABLE TO CUSTOMER FOR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR EXEMPLARY DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE SERVICE OR ANY ACTS OR OMISSIONS ASSOCIATED THEREWITH, INCLUDING ANY ACTS OR OMISSIONS BY THIRD PARTY SERVICE PROVIDERS OR ANY MANUFACTURER OF SUBSCRIBER PURCHASED DEVICES OR CONVEYED DEVICES, AGENTS OR SUBCONTRACTORS OF SPECTRUM, OR RELATING TO ANY SERVICES FURNISHED, WHETHER SUCH CLAIM IS BASED ON BREACH OF WARRANTY, CONTRACT, TORT OR ANY OTHER LEGAL THEORY, AND REGARDLESS OF THE CAUSES OF SUCH LOSS OR DAMAGES OR WHETHER ANY OTHER REMEDY PROVIDED HEREIN FAILS. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, SPECTRUM'S ENTIRE LIABILITY AND CUSTOMER'S EXCLUSIVE REMEDY WITH RESPECT TO THE USE OF THE SERVICES OR ANY BREACH BY SPECTRUM OF ANY OBLIGATION SPECTRUM MAY HAVE UNDER THESE TERMS OF SERVICE OR APPLICABLE LAW, SHALL BE CUSTOMER'S ABILITY TO TERMINATE THE SERVICE OR TO OBTAIN THE REPLACEMENT OR REPAIR OF ANY DEFECTIVE EQUIPMENT PROVIDED BY SPECTRUM. IN NO EVENT SHALL SPECTRUM'S LIABILITY TO CUSTOMER FOR ANY CLAIM ARISING OUT OF THESE TERMS OF SERVICE EXCEED THE AMOUNT PAID BY CUSTOMER DURING THE PRECEDING THIRTY (30) DAY PERIOD. IN JURISDICTIONS THAT DO NOT PERMIT THE EXCLUSION OF CERTAIN WARRANTIES OR THE LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SPECTRUM'S LIABILITY SHALL BE LIMITED

TO THE MAXIMUM EXTENT PERMITTED BY LAW.

SUBSCRIBER ALSO AGREES THAT IT SHALL NOT BE PERMITTED TO BRING ANY CLAIM WHATSOEVER AGAINST SPECTRUM THAT RESULTS IN WHOLE OR IN PART FROM SUBSCRIBER'S FAILURE TO COMPLY WITH THESE TERMS OF SERVICE.

THIS SECTION SHALL SURVIVE THE TERMINATION OF THESE TERMS OF SERVICE.

29. Privacy Policy. Spectrum will provide Subscriber with a copy of its Privacy Policy at the time Spectrum provides Service to Subscriber, and annually afterwards, or as otherwise required by law. Subscriber can view the most current version of our Privacy Policy by going to www.spectrum.com/privacy. Subscriber assumes sole responsibility for all privacy, security and other risks associated with providing personally identifiable information to third parties via the Service. To the extent that Spectrum is expressly required to do so by applicable law, Spectrum will provide notice to Subscriber of a breach of the security of certain personally identifiable information about Subscriber. Subscriber agrees that Spectrum may collect and disclose information concerning Subscriber and Subscriber's use of Service in the manner and for the purposes set forth herein and in Spectrum's Privacy Policy. In order to protect the privacy of Subscriber's account information, Spectrum may require that Subscriber use a security code or other method, in addition to the user name and password, to confirm Subscriber's identity when requesting or otherwise accessing account information or making changes to Subscriber's Service through Spectrum's customer service representatives. Subscriber may also choose to designate an authorized user of Subscriber's account (an "Authorized User"), who will be able to access or modify Subscriber's account information and update and/or make Service changes. Once established, an Authorized User will be required to authenticate his/her identity in the same manner according to Spectrum's policies.

30. ARBITRATION. The following provisions are important with respect to the agreement between Subscriber and Spectrum regarding Spectrum's Services memorialized by these Terms of Service.

PLEASE READ THEM CAREFULLY TO ENSURE THAT SUBSCRIBER UNDERSTANDS EACH PROVISION. These Terms of Service require the use of arbitration to resolve disputes and otherwise limits the remedies available to Subscriber in the event of a dispute.

Spectrum and Subscriber agree to arbitrate disputes and claims arising out of or relating to these Terms of Service, the Services, the Equipment, or marketing of the Services Subscriber has received from Spectrum. Notwithstanding the foregoing, either party may bring an individual action on any matter or subject in small claims court.

THESE TERMS OF SERVICE MEMORIALIZE A TRANSACTION IN INTERSTATE COMMERCE. THE FEDERAL ARBITRATION ACT GOVERNS THE INTERPRETATION AND ENFORCEMENT OF THESE ARBITRATION PROVISIONS.

A party who intends to seek arbitration must first send to the other a written notice of intent to arbitrate, entitled "Notice of Intent to Arbitrate" ("Notice"). The Notice to Spectrum should be addressed to: VP and Associate General Counsel, Litigation, Charter Communications, 12405 Powerscourt Drive, St. Louis, MO 63131 ("Arbitration Notice Address"). The Notice must: (i) describe the nature and basis of the claim or dispute; and (ii) set forth the specific relief sought. If we do not reach an agreement to resolve the claim within 30 days after the Notice is received, Subscriber or Spectrum may commence an arbitration proceeding under these Terms of Service.

The arbitration shall be governed by the Consumer Arbitration Rules (collectively, "AAA Rules") of the American Arbitration Association ("AAA"), as modified by these Terms of Service, and the arbitration shall be administered by the AAA. The AAA Rules and fee information are available at "www.adr.org," by calling the AAA at 1-800-778-7879, or by writing to the Arbitration Notice Address.

The arbitrator shall have the exclusive authority to resolve any dispute relating to the interpretation, applicability, scope, or enforceability of these arbitration provisions and these Terms of Service.

SPECTRUM SHALL BEAR THE COST OF ANY ARBITRATION FILING FEES AND ARBITRATOR'S FEES REQUIRED BY THE AAA RULES OR OTHERWISE TO THE EXTENT REQUIRED UNDER APPLICABLE LAW TO RENDER THESE ARBITRATION PROVISIONS ENFORCEABLE.

If the arbitrator's award exceeds \$75,000, either party may appeal such award to a three-arbitrator panel administered by the AAA and selected according to the AAA Rules, by filing a written notice of appeal within 30 days after the date of entry of the arbitration award. The appealing party must provide the other party with a copy of such appeal concurrently with its submission of the appeals notice to AAA. The three-arbitrator panel must issue its decision within 120 days of the date of the appealing party's notice of appeal. The decision of the three-arbitrator panel shall be final and binding, except for any appellate right which may exist under the Federal Arbitration Act.

The parties may agree that arbitration will be conducted solely on the basis of the documents submitted to the arbitrator, via a telephonic hearing, or by an in-person hearing as established by AAA rules.

SUBSCRIBER AGREES THAT, BY ENTERING INTO THIS AGREEMENT, SUBSCRIBER AND SPECTRUM ARE WAIVING THE RIGHT TO A TRIAL BY JUDGE OR JURY.

Unless Spectrum and Subscriber agree otherwise in writing, all hearings conducted as part of the arbitration shall take place in the county (or parish) of Subscriber's billing address.

To the fullest extent permitted under applicable law, the arbitrator may award injunctive relief only in favor of the party seeking relief, only to the extent sought, and only to the extent necessary to provide the specific relief warranted by such individual's claim.

The parties agree that the arbitrator must give effect to the terms of these Terms of Service.

SUBSCRIBER AND SPECTRUM AGREE THAT CLAIMS MAY ONLY BE BROUGHT IN A PARTY'S INDIVIDUAL CAPACITY AND NOT ON BEHALF OF, OR AS PART OF, A CLASS ACTION OR REPRESENTATIVE PROCEEDING

Furthermore, unless both Subscriber and Spectrum agree otherwise in writing, the arbitrator may not consolidate proceedings or more than one person's claims and may not otherwise preside over any form of representative or class proceeding. If this specific paragraph is found to be unenforceable, then the entirety of these arbitration provisions shall be null and void and rendered of no further effect with respect to the specific claim at issue.

Right to Opt Out. If Subscriber does not wish to be bound by these arbitration provisions, Subscriber must notify Spectrum in writing within 30 days of (a) the date that these arbitration provisions becomes effective, if Subscriber is an existing customer, or (b) the date that Subscriber first subscribes to the Service(s). Subscriber may opt out by mail to the Arbitration Notice Address. Subscriber's written notification to Spectrum must include Subscriber's name, address, and Spectrum account number as well as a clear statement that Subscriber does not wish to resolve disputes with Spectrum under these arbitration provisions. Subscriber's decision to opt out of this arbitration provision will have no adverse effect on Subscriber's relationship with Spectrum or the delivery of Services to Subscriber by Spectrum. For the avoidance of doubt, Subscriber's right to opt out from these arbitration provisions is prospective only and does not apply to previous periods. If Subscriber and Spectrum previously agreed to an arbitration agreement, an opt out from these arbitration provisions does not relieve either Subscriber or Spectrum from the obligation to arbitrate claims coming within the scope of that previous arbitration agreement.

Severability. If any clause within these arbitration provisions is found to be illegal or unenforceable, that specific clause will be severed from these arbitration provisions, and the remainder of the arbitration provisions will be given full force and effect.

NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN THE EVENT SOME OR ALL OF THESE ARBITRATION PROVISIONS IS DETERMINED TO BE UNENFORCEABLE FOR ANY REASON, OR IF A CLAIM IS BROUGHT THAT IS EXCLUDED FROM THE SCOPE OF THESE ARBITRATION PROVISIONS (INCLUDING THOSE WITH RESPECT TO WHICH SUBSCRIBER HAS OPTED OUT OF THESE ARBITRATION PROVISIONS), BOTH PARTIES AGREE TO WAIVE, TO THE FULLEST PERMITTED UNDER APPLICABLE LAW, ANY TRIAL BY JURY AND ANY RIGHT TO PARTICIPATE IN CLASS ACTIONS.

For purposes of the foregoing sentence only, in the event such waiver or any part of it is found to be unenforceable, it shall be severed from these Terms of Service, rendered null and void and of no further effect without affecting the rest of the arbitration provisions set forth herein.

EXCLUSIONS. SUBSCRIBER AND SPECTRUM AGREE THAT THE FOLLOWING CLAIMS OR DISPUTES SHALL NOT BE SUBJECT TO ARBITRATION:

(1) ANY INDIVIDUAL ACTION BROUGHT BY SUBSCRIBER OR BY SPECTRUM ON ANY MATTER OR SUBJECT THAT IS WITHIN THE JURISDICTION OF A COURT THAT IS LIMITED TO ADJUDICATING SMALL CLAIMS.

(2) ANY DISPUTE OVER THE VALIDITY OF ANY PARTY'S INTELLECTUAL PROPERTY RIGHTS.

(3) ANY DISPUTE RELATED TO OR ARISING FROM ALLEGATIONS ASSOCIATED WITH UNAUTHORIZED USE OR RECEIPT OF SERVICE.

For New York Video Subscribers. Subscriber may elect to resolve a dispute through the New York Public Service Commission in accordance with 16 NYCRR §890.709(a) and 16 NYCRR §709(c).

The foregoing arbitration provisions shall survive the termination of these Terms of Service.

Subscriber may opt out of this Section, in which case the normal statute of limitations will apply. To opt out, Subscriber must notify Spectrum in writing by sending a letter to Spectrum addressed to VP and Associate General Counsel, Litigation, Charter Communications, 12405 Powerscourt Drive, St. Louis, MO 63131, within 30 days of (a) the date that this provision becomes effective, if Subscriber is an existing customer, or (b) the date that Subscriber first subscribes to the Service(s). Subscriber's written notice must include Subscriber's name, address, and Spectrum account number as well as a clear statement that Subscriber does not wish this Section to apply.

This Section shall survive the termination of these Terms of Service.

31. Force Majeure: Spectrum shall not be liable for any failure of performance or equipment of any kind (including Spectrum Equipment) due to causes beyond its control, including but not limited to: acts of God, fire, flood, or other catastrophes; loss of electrical power; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over Spectrum, or of any department agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrection; riots, wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

32. Survival of Terms. In addition to the terms that are specifically noted in these Terms of Service as surviving termination of these Terms of Service, all representations, warranties, indemnifications, and limitations of liability shall survive these Terms of Service. Spectrum's right to contact Subscriber shall also survive these Terms of Service unless Subscriber opts out in the manner described in these Terms of Service. All other obligations of Subscriber and Spectrum under these Terms of Service also survive termination if they relate to the period before termination or, if by their terms, they would be expected to survive such termination.

33. Entire Agreement: These Terms of Service (including the Terms of Service incorporated herein by reference) constitute the entire agreement between the Subscriber and Spectrum. No undertaking, representation or warranty made by an agent or representative of Spectrum in connection with the sale, installation, maintenance or removal of Spectrum's Services or Equipment shall be binding on Spectrum except as expressly included herein. Terms of Service. In the event that any one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement, and all other provisions shall remain in full force and effect. If any of the provisions of this Agreement are held to be excessively broad or invalid, illegal or unenforceable in any jurisdiction, it shall be reformed and construed by limiting and reducing it so as to be enforceable to the maximum extent permitted by law in conformance with its original intent.

Neither the course of conduct between the parties nor trade practice shall act to modify any provision of these Terms of Service.

Spectrum Internet Acceptable Use Policy

In order to provide high quality customer service and to ensure the integrity, security, and reliability of the Internet Network of Charter Communications Operating LLC and its respective affiliates and subsidiaries providing services ("Spectrum"), Spectrum has created this Acceptable Use Policy (AUP). This AUP applies along with the Terms and Conditions of Service governing the Subscriber's use of Spectrum's Internet and related services (collectively, the "Terms of Service"), Spectrum's Privacy Policy and Spectrum's Network Management Practices Statement, to specify use restrictions and requirements applicable to users of the Service. The Subscriber recognizes and agrees that the then current version of the AUP to be maintained by Spectrum and posted on Spectrum's website will supersede all previous versions of this document and that Subscriber's continued use of Spectrum's Internet service will constitute Subscriber's acceptance of this policy as it may be amended.

By using the Service, the Subscriber agrees to abide by, and require each user of the Service to abide by, the terms of this AUP and associated Terms of Service. Any user who does not agree to be bound by these terms must immediately cease use of the Service and notify the Spectrum Customer Service Department to terminate the account.

1. Use. The Service is designed for personal and family use (residential use only) within a single household. Subscriber agrees that only Subscriber and Subscriber's authorized guests in the same household will use the Service. Subscriber is responsible for any misuse of the Service that occurs through Subscriber's account, whether by a member of Subscriber's household or an authorized or unauthorized third-party. Subscriber will not use, or enable others to use, the Service to operate any type of business or commercial enterprise, including, but not limited to, IP address translation or similar facilities intended to provide additional access, as further set forth in Section 2(k) hereof. Subscriber will not resell or redistribute, or enable others to resell or redistribute, access to the Service in any manner, including, but not limited to, through the use of wireless technology. Spectrum reserves the right at its sole discretion to immediately suspend, terminate, or restrict use of the Service without notice if such use violates the AUP or the Terms of Service, is objectionable or unlawful, or interferes with Spectrum's systems, or Internet Network, the Internet, or others' use of the Service.

2. Prohibited Activities Using the System, Network, and Service. Any activity or use of the Service which violates system or network security or integrity are prohibited and may result in criminal and civil liability. Such violations include, without limitation, the following:

a. Unauthorized access to or use of data, systems, or networks, including any attempt to probe, scan, or test the vulnerability of a system or network, or to breach security or authentication measures without express authorization of the owner of the system or network.

b. Unauthorized monitoring of data or traffic on any network or system without express authorization of the owner or network;

c. Interference with Internet service to any user, host, or network, including but not limited to: mail bombing, flooding, or denial of service attacks.

d. Forging the header of any transmitted information packet, email, or Usenet posting;

e. Modifying or tampering with any hardware, software, or configuration provided by Spectrum including but not limited to: routers, switches, and cable modem configuration files.

f. Reselling or otherwise redistributing the Service.

g. Disrupting, degrading or otherwise adversely affecting Spectrum's network or computer equipment owned by Spectrum or other Spectrum subscribers.

h. Transmit unsolicited bulk or commercial messages commonly known as "spam."

i. Assuming or assigning a Spectrum IP address that was not allocated to the user by Spectrum or its network - all Spectrum Internet users must use DHCP assigned by the Service to acquire an IP address.

j. Either of the following activities by a Subscriber using dedicated machines (also known as "machines" or "dedicated servers") or virtual dedicated servers (also known as "VDS", "VPS", "virtual machines", and/or "virtual servers"): (i) running a tunnel or proxy to a server at another host or (ii) hosting, storing, proxy, or use of a network testing utility or denial of service (DoS/DDoS) tool in any capacity.

k. Because the Service is for residential use only, any use of the service for non-residential purposes is not permitted and may result in reduction in service, suspension, or termination at the sole discretion of Spectrum, provided that use of the Service by a subscriber (i) in a "work-from-home" capacity and otherwise in accordance with this AUP and the Terms of Service or (ii) in conjunction with or to enable use of a commercial Service or Product provided and specifically authorized by Spectrum or its affiliates, is permitted in accordance with the terms applicable to such Service or product. Prohibited non-residential purposes include, without limitation, the following:

l. Running any type of server on the system that is not consistent with personal, residential use. This includes but is not limited to FTP, IRC, SMTP, POP, HTTP, SOCS, SQUID, NTP, DNS or any multi-user forums.

m. Distributing in any way information, software or other material obtained through the service or otherwise that is protected by copyright or other proprietary right, without obtaining any required permission of the owner.

n. IP address translation or similar facilities intended to provide additional access.

3. No Illegal or Fraudulent Use. The Service may be used only for lawful purposes. Subscriber will not use or allow others to use the service in any manner that is in violation of any applicable federal, state, local or international laws or regulations or to promote, engage in, or enable illegal activity or conduct that violates or infringes upon the rights of any person. Transmission or distribution of any material in violation of any applicable law or regulation is prohibited. This includes, without limitation, material protected by copyright, trademark, trade secret, or other intellectual property right used without proper authorization, and material that is obscene, illegal, defamatory, constitutes an illegal threat, or violates export control laws. Furthermore, use of the Service to impersonate a person or entity is not permitted.

4. Security/Abuse of Resources. User is solely responsible for the security of any device connected to the Service, including any data stored on that device. Users shall take all necessary steps to avoid actions that result in the abuse of a resource on their network. Examples of abuse of resources include without limitation: open news servers, open SMTP servers, unsecure wireless routers, and unsecure proxy servers. In the instance when the Subscriber is using a wireless router, Spectrum requires that any wireless network be secure and encrypted. Open, unencrypted wireless networks are strictly prohibited.

Should an issue arise, Subscriber is required to address the problem in a timely fashion. Failure to address an issue after notification will be considered a violation of this AUP.

5. Network Management. Spectrum uses a variety of reasonable network management tools and practices consistent with industry standards. In the event the periods of congestion necessitate such management, Spectrum has available the following tools and practices (without limitation and as may be adjusted over time): (i) Subscriber

Traffic Management (STM) technology to temporarily lower the priority of traffic with the greatest impact on peak congestion; (ii) spam filtering and detection techniques; and (iii) measures to protect the security and integrity of its network, resources and subscribers (e.g., IP reputation services from multiple sources to deny mail relay to suspect IPs of Charter IP space, real-time IP block lists to determine whether to accept a connection to inbound mail servers, port security techniques such as encryption and authentication, and email server- to-server traffic monitoring). In limited instances if employed, these techniques may affect the throughput rate at which subscribers may send and receive data, the ability of users to establish session connections within the network, or result in the delay of certain traffic during times of peak congestion.

For more information about Spectrum's network management practices and policies, please see the Spectrum Network Management Practices Statement.

6. Viruses. Users must take appropriate action to prevent their systems from becoming infected with and/or distributing computer viruses such as but not limited to worms, "Trojan horses", denial of service attacks, and bots. Spectrum will take appropriate (as decided by Spectrum's sole discretion) action against Users infected with computer viruses or worms to prevent further spread.

7. Enforcement. Spectrum reserves the right to investigate violations of this AUP, including the gathering of information from the Subscriber or other Users involved and the complaining party, if any, and the examination of material on Spectrum's servers and network. Spectrum prefers to advise Users of AUP violations and any necessary corrective action but, if Spectrum, in its sole discretion, determines that a User has violated the AUP, Spectrum will take any responsive action that is deemed appropriate without prior notification. Such action includes but is not limited to: temporary suspension of service, reduction of service resources, and termination of service. Spectrum is not liable for any such responsive action and these actions are not exclusive. Spectrum may take any other legal or technical action it deems appropriate.

8. No Waiver. The failure by Spectrum or its affiliates to enforce any provision of this Policy at any given point in time shall not be construed as a waiver of any right to do so at any future time thereafter.

9. Revisions to Policy. Spectrum reserves the right to update or modify this Policy at any time and from time to time with or without prior notice. Continued use of the Service will be deemed acknowledgment and acceptance of this Policy. Notice of modifications to this Policy may be given by posting such changes on Spectrum's website at www.spectrum.com, under "Terms of Service/Policies," by email or by conventional mail, and will be effective immediately upon posting or sending. Subscribers should regularly visit Spectrum's website and review this Policy to ensure that their activities conform to the most recent version. In the event of a conflict between any subscriber agreement and this Policy, the terms of this Policy will govern. Questions regarding this Policy should be directed to AUPQuestions@charter.com. Complaints of violations of it by Charter Subscribers can be directed to abuse@charter.net.

You may place channels under Parental Control by blocking out a channel number and/or program rating on the digital receiver. The starter kit manual provided with the Video Services includes instructions on how to implement and monitor the Parental Control features. Should You deactivate the Parental Control feature, even for one channel or event, this will deactivate the Parental Control feature for all other channels that were previously locked out. You will then have to reactivate the Parental Control to block out the desired channels. We recommended that You occasionally verify that the Parental Control feature is activated and operational.

Charter Communications Operating, LLC on behalf of itself and its affiliates and subsidiaries authorized to provide the services set forth herein ("Spectrum") will provide its Internet access service (the "Internet Service") to You ("Subscriber") in accordance with these terms and conditions, which terms and conditions incorporate and include the Acceptable Use Policy ("AUP"), the General Terms and Conditions for Spectrum Residential Services and the Spectrum Privacy Policy, as they may be changed from time to time (collectively, the "Terms of Service"), all of which may be found at www.spectrum.com/policies/terms-of-service.html, under "Terms of Service/Policies" and "Your Privacy Rights."

Subscriber's use of the Internet Service shall be deemed acknowledgment that Subscriber has read and agreed to the Terms of Service. Any user who does not agree to be bound by the Terms of Service should immediately stop their use of the Internet Service and notify Spectrum's Customer Service at 888-438-2427 to terminate the Internet Service. Terms that are initially capitalized but not defined, will have the defined meaning given to them in the other documents referenced above. The Terms of Service constitute a legal binding document.

Spectrum regularly updates and amends these Terms of Service. Subscriber should consult Spectrum's website at www.spectrum.com/policies/terms-of-service to be sure Subscriber remains in compliance.

1. Equipment: To use the Internet Service, Subscriber must meet minimum computer, device, in-home network and system requirements as identified by Spectrum.

a. Computer Equipment: The personal computer or device that Subscriber uses to access the Internet Service must meet minimum configuration standards. The minimum configuration standards may change, and Spectrum will make reasonable efforts to support previously acceptable configurations; however, Spectrum is not obligated to continue to provide such support. Spectrum may supply equipment such as modems, gateways, routers, or wireless cards, at no charge or for a one time or reoccurring fees, to operate the Internet Service. Subscriber acknowledges that such equipment may require updates and/or changes to the software resident in the equipment, and that Subscriber may be required to perform such updates and/or changes. Notwithstanding, Subscriber hereby authorizes Spectrum to perform updates and/or changes, on-site or remotely from time to time as Spectrum deems necessary, in Spectrum's sole discretion.

b. Spectrum does not provide technical assistance for third party hardware or software, including but not limited to home networks or gaming systems. Any questions concerning third party hardware or software should be directed to the manufacturer of that product. Spectrum is not responsible for the operation or support, maintenance or repair of any equipment, software or services that Subscriber elects to use in connection with the Internet Service.

c. Subscriber will not connect any equipment, other than equipment authorized by Spectrum, to any cable modem outlet or port. Subscriber understands that failure to comply with this restriction may cause damage to the Spectrum network and subject Subscriber to liability for damages and/or criminal prosecution. Subscriber may not alter, modify or tamper with the Equipment or the Internet Service, or permit any other person, not authorized by Spectrum, to do the same.

2. Network Interface: When Spectrum installs the Internet Service, Subscriber will need a network interface card or adapter providing an Ethernet connection. Alternatively, subscriber may connect to a home networking device (commonly referred to as a router or gateway).

3. Cable Modem/Other Spectrum Equipment: Subscriber may obtain a cable modem from Spectrum or may purchase and use a cable modem purchased at retail from a third party, provided that such third party modem has been tested, certified and approved by Spectrum in accordance with our DOCSIS Modem Policy at www.spectrum.com/policies/docsis-modem-policy.html.

4. Software: At the time of installation of the Internet Service, Spectrum may provide Subscriber with common Spectrum or third party software (e.g., a browser and plug-ins) to enable and enhance the Internet Service. Spectrum does not support third party software. Any and all software provided by Spectrum is the property of Spectrum and/or its suppliers and licensors. Spectrum hereby grants Subscriber a nonexclusive, nontransferable license to install and use on Subscriber's computers, devices, and/or system(s) the software for use solely in connection with the Internet Service. Subscriber's license to use any software provided by Spectrum and its suppliers and licensors is contingent upon Subscriber's compliance with all use and other restrictions contained in the Terms of Service and the AUP. It is a material breach for Subscriber to copy, duplicate, reverse engineer or in any way modify, change, tamper with or interfere with any software provided to Subscriber by Spectrum. Upon any termination or expiration of the Terms of Service or the disconnection of Subscriber's Internet Service, this license will terminate and Subscriber agrees to then destroy all copies of the software that were delivered to Subscriber (including by erasing and deleting the software from Subscriber's computer system). Subscriber is responsible for taking and should take all appropriate security measures when using the Internet Service. Subscriber assumes sole responsibility for Subscriber's equipment used in conjunction with the Internet Service and for providing and configuring any "firewall" or security measures for use with the Internet Service to prevent damage from viruses, malware, or other similar malicious items and to prevent unauthorized access to the Internet Service, and Subscriber, not Spectrum, shall be solely responsible in any manner for the effectiveness of these blocking and filtering technologies. Spectrum does not warrant that others will be unable to gain access to Subscriber's computer(s) and/or data even if Subscriber utilizes blocking and filtering technologies, nor does Spectrum warrant that the data or files will be free from computer viruses or other harmful components. Spectrum has no responsibility and assumes no liability for the protections Subscriber may employ nor for any damages that may arise from accessing the Internet. Subscriber shall not permit or enable any use of Subscriber's account or account passwords by any person not a member of Subscriber's household. Subscriber is responsible for any misuse of the Internet Service that occurs through Subscriber's account whether by a member of Subscriber's household or unauthorized third party.

Spectrum has no obligation to monitor content; however, Subscriber agrees that Spectrum has the right to monitor the Internet Service (including but not limited to, content and Subscriber equipment as it may affect the Internet Service from time to time) in accordance with the Terms of Service, the AUP, and Spectrum's Privacy Policy.

For content residing on Spectrum's servers, Spectrum reserves the right at all times and without notice to remove, restrict access to, or make unavailable, and to monitor, review, retain and/or disclose any content or other information in Spectrum's possession about or related to Subscriber, Subscriber's use of the Internet Service or otherwise as necessary to satisfy any applicable law, or otherwise to preserve the security of the System or Spectrum subscribers' information.

This includes, but is not limited to, digitization of music, movies, photographs or other copyrighted materials or software. Subscriber must obtain appropriate authorization from such other person or entity prior to sending, receiving or using such materials. Subscriber represents and warrants that Subscriber is and will be the author and copyright owner and/or an authorized licensee with respect to any hosted content, and Subscriber further represents and warrants that no hosted content violates or will violate the trademark, copyright, domain name or intellectual property rights of any third party. Spectrum assumes no responsibility, and Subscriber assumes all risks regarding the determination of whether material is in the public domain, or may otherwise be used for such purposes.

Spectrum is registered Digital Millennium Copyright Act of 1998 (DMCA). Under the DMCA, copyright owners have the right to notify Spectrum if they believe that a

Spectrum customer has infringed the copyright owner's work(s). If Spectrum receives a notice from a copyright owner alleging that Subscriber has committed copyright infringement, Spectrum will notify Subscriber of the alleged infringement. Spectrum may determine that Subscriber is a repeat copyright infringer if Spectrum learns that Subscriber has engaged in online copyright infringement on more than one occasion. Spectrum reserves the right to suspend or terminate the accounts of repeat copyright infringers.

10. Termination: Spectrum shall have the right to terminate the Internet Service upon any violation of the Terms of Service. Spectrum will not be responsible for the return of data stored on Spectrum's servers, such as web and e-mail servers if Subscriber's account is suspended or terminated.

11. Disclaimer of Warranties and Limitation of Liability.

a. No Warranty: Subscriber agrees that Subscriber uses the Internet Service and any software and equipment supplied by Spectrum at Subscriber's sole risk. The Internet Service and Spectrum equipment are provided on an "as-is basis", if applicable, without warranties of any kind including without limitation any warranties of title, non-infringement, fitness for a particular purpose and merchantability. Spectrum does not warrant uninterrupted use of Internet Service. Spectrum does not warrant that the Internet Service will be error-free or free of any viruses, worms, spam, pop-up advertising, spyware, adware, denial of service attacks or other harmful components, even if countermeasures have been deployed. Spectrum does not warrant that any data or files Subscriber sends or receives via the Internet Service will be transmitted in uncorrupted form, within a reasonable time, or free from unauthorized access by others or that other users will be unable to gain access to Subscriber's computer. This includes, but is not limited to, incidents of file sharing, print sharing, or use of other means that enable Internet users to gain access to Subscriber's equipment or to monitor Subscriber's activity and conduct while using the Internet Service.

b. Anti-Spam Software: Subscriber acknowledges and understands that Spectrum utilizes anti-spam software and that such security technology is a feature of the Internet Service that may block incoming and outgoing electronic mail. Spectrum does not warrant that such feature will block all unwanted mail/spam or that all mail that is blocked constitutes unwanted mail/ spam. Consistent with other statements set forth in this section, Spectrum does not warrant that such feature will be error-free.

c. Security Software: In addition, in its sole discretion, Spectrum may make available to Subscriber security software, such as anti-virus software, firewall software, "pop-up" advertising blocking software, parental control software, and anti-spyware or anti-adware software for Subscriber's use on Subscriber's computer system in conjunction with the Internet Service. Any such security software provided by Spectrum to Subscriber is intended to provide only a minimal level of protection to Subscriber's computer system(s). Subscriber understands and agrees that Spectrum and its third party suppliers of any such security software do not guarantee its accuracy, efficacy or performance. Subscriber understands and agrees that Spectrum and its third party suppliers are not responsible for any damage to Subscriber's computer system(s) or the information stored on it that may result from the security software or its non-performance.

d. Third Party Sites: When Subscriber uses the Internet Service and/or accesses Spectrum web sites, Subscriber may encounter links allowing Subscriber to visit web sites operated or owned by third parties ("Third Party Site(s)"). Spectrum provides these links as a convenience and they are not under the control or ownership of Spectrum. The presence of a link to any Third Party Site is not an endorsement by Spectrum of the Third Party Site, an acknowledgment of any affiliation with its operators or owners, or a warranty of any type regarding any information or offer on the Third Party Site. Subscriber's use of any third party site is governed by the various legal agreements and policies posted at that web site.

e. Bandwidth.

i. Subscriber understands and agrees that Spectrum does not guarantee that any particular amount of bandwidth on the Spectrum network or that any speed or throughput of Subscriber's connection to the Spectrum network will be available to Subscriber. Subscriber understands and agrees that the speed of the Internet Service provided at Subscriber's site will vary depending upon a number of factors, including Subscriber's computer system(s) and associated equipment (e.g., Subscriber-sourced WiFi routers/access points, etc.), Internet traffic, and other factors such as system capacity limitations, governmental actions, events beyond Spectrum's control, and system failures, modifications, upgrades and repairs. Subscriber understands that Subscriber's wireless connections and use of wireless routers may be subject to greater fluctuations in speed and latency and may be adversely affected by interference, congestion, distance, and other outside factors.

ii. Subscriber understands that Spectrum may use various tools and techniques in order to efficiently manage its networks and to ensure compliance with Spectrum's AUP. Subscriber should reference Spectrum's AUP for additional details.

iii. Subscriber further understands and agrees that, to allocate bandwidth across all of its users, Spectrum may employ reasonable network management techniques as identified in Spectrum's AUP and Spectrum's Network Management Disclosure Statement.

iv. Subscriber's sole and exclusive remedies under the Terms of Service are as set forth in these Terms of Service. Because some States do not allow the exclusion or limitation of implied warranties, some of the above exclusions may not apply to Subscriber.

12. Limitation of Liability/Exclusive Remedy: Spectrum's entire liability and Subscriber's exclusive remedy with respect to the use of the Internet Service or its software and equipment, or any breach by Spectrum of any obligation Spectrum may have under these Terms of Service, shall be Subscriber's ability to terminate the Internet Service or to obtain the replacement or repair of any defective software or equipment provided by Spectrum to Subscriber. In addition, Spectrum shall not be liable for damages for failure to furnish, or the degradation or interruption of, any services, for any lost data or content, identify theft, for any TV, monitor or screen burn-in, monitor or screen wear, stuck pixels, phosphor burn, files or software damage, regardless of cause. Spectrum shall not be liable for damage to property or for injury to any person arising from the installation, maintenance or removal of equipment, software, wiring or the provision of the Internet Service.

13. Mailbox Deactivation: Subscriber agrees that Spectrum owns any and all mailboxes associated with the Internet Service and may reclaim such mailboxes at any time for any reason, after which any associated mailbox content (e.g., emails, attachments, etc.) will be destroyed. Spectrum may also limit the number of new email addresses available per account. Spectrum may also limit the number of emails that can be sent within a specific time period, and if Subscriber does not access a Spectrum mailbox for an extended period of time as determined by Spectrum from time to time, Spectrum may lock the mailbox and prohibit the mailbox from receiving new email messages and/or reclaim the mailbox, including any sub-accounts associated with the mailbox. Subscriber understands that upon disconnecting from Spectrum's Internet service, Spectrum will suspend the account and delete the contents of the mailbox, if any, at that time.

14. Mail Storage: In no event will Spectrum be responsible for maintaining, and Spectrum will not guarantee storage of, such electronic mail for any period of time. Spectrum also reserves the right to enforce email storage limits.

15. Network Security and Management: Subscriber agrees that Spectrum may block traffic to and from any source, including, without limitation, the deletion of any electronic mail, as it deems necessary to secure its network and/or eliminate spam. Spectrum may take other actions, in its sole discretion, to manage or protect its network or to benefit the greatest number of its subscribers as identified in Spectrum's AUP. Spectrum may take these actions, with or without notice, in situations where Spectrum believes, in its sole discretion that Subscriber may harm the Spectrum network or disrupt the performance of the Internet Service for other users or where Subscriber is transmitting or is otherwise connected with what Spectrum considers in its sole discretion to be spam or other malicious code or software. Subscriber agrees that Spectrum is entitled to damages if Subscriber is transmitting or is otherwise connected with spam or other malicious code or software. Subscriber agrees Spectrum is entitled to actual damages, however, if actual damages cannot be reasonably calculated, Subscriber agrees to pay Spectrum liquidated damages of five dollars (U.S. \$5.00) for each piece of spam or other malicious code or software transmitted from or otherwise connected with Subscriber's account.

16. Additional Terms for WiFi Services Spectrum's WiFi service provides wireless Internet access within Subscriber's residence through a Spectrum-provided wireless router ("Home Network"). Spectrum WiFi accessed beyond the Home Network may be subject to additional terms and conditions. Subscriber acknowledges and agrees that certain wireless routers provided by Spectrum may be preconfigured to distribute a separate wireless signal that is independent from your Home Network. Subscriber may at any time disable the Spectrum-provided wireless router from transmitting the separate wireless signal. Subscriber acknowledges that the wireless router provided by Spectrum used to support the Home Network is Spectrum Equipment.

17. Subscriber is responsible for maintaining the confidentiality of their user name and password. Subscriber agrees that Subscriber is responsible for anyone using Subscriber's computer system, password or name or user name in connection with the Internet Service and for ensuring that anyone who does use the Internet Service through Subscriber's computer or access to the Internet Service, does so in accordance with the Terms of Service and the AUP. Subscriber agrees to take all reasonable measures necessary to ensure that the Internet Service is not used by another without Subscriber's consent.

18. Subscriber shall be responsible for procuring and installing patches, any and all anti-virus and firewall software/ hardware and operating system patches, up-dates, or supplements that may be necessary for (i) the protection and maximum functionality of Subscriber's computer and related equipment and (ii) the protection of Spectrum's network and other subscribers. For purposes of clarification, Spectrum

hereby disclaims any and all responsibility and liability for any damages that may arise from Subscriber's failure to procure or install the aforementioned security software and /or hardware.

19. Amendment: Spectrum may, in its sole discretion, change, modify, add or remove portions of the Terms of Service at any time. Spectrum may notify Subscriber of any such changes by posting notice of such changes on Spectrum's website at www.spectrum.com/policies/terms-of-service.html, under "Terms of Service/Policies", or sending notice via electronic mail or U.S. postal mail. The Subscriber's continued use of the Internet Service following notice of such change, modification or amendment shall be deemed to be the Subscriber's acceptance of any such modification. If Subscriber does not agree to any modification of the Terms of Service, Subscriber must immediately cease using the Internet Service and notify Spectrum that Subscriber is terminating the Internet Service. In addition, the Terms of Service are subject to change in compliance with applicable law.

20. Entire Agreement: The Terms of Service shall be posted at www.spectrum.com, under "Terms of Service/Policies," and are the only terms and conditions that govern the Internet Service. Spectrum Residential Voice Services Agreement

THESE TERMS AND CONDITIONS OF SERVICE GOVERNING YOUR USE OF SPECTRUM VOICE SERVICE INCLUDE A BINDING ARBITRATION PROVISION IN THE GENERAL TERMS AND CONDITIONS FOR SPECTRUM RESIDENTIAL SERVICES, WHICH INCLUDES A WAIVER OF CLASS ACTIONS AND PROVISIONS FOR OPTING OUT OF ARBITRATION.

Charter Communications Operating, LLC., through its voice affiliates, ("Spectrum") is pleased to provide its residential Voice Service to you ("Subscriber") in accordance with these terms and conditions which incorporate and include the General Terms and Conditions for Spectrum Residential Services, the Spectrum Voice Residential Services Price Guide ("Price Guide") and the Spectrum Privacy Policy, as they may be changed from time to time (collectively, "Terms of Service"), all of which may be found at www.spectrum.com, under "Terms of Service/Policies" and "Your Privacy Rights."

Subscriber's use of Spectrum Voice™ Service (also, "Voice Service") shall be deemed acknowledgment that Subscriber has read and agreed to the Terms of Service. Subscriber must activate all Spectrum Voice Services ordered. Spectrum shall have no liability whatsoever if the subscriber does not activate such Services. Any user who does not agree to be bound by the Terms of Service should immediately stop their use of the Voice Service and notify Spectrum's Customer Service Department at 1-888-438-2427 to terminate the Voice Service. Terms that are initially capitalized but not defined, will have the defined meaning given to them in the other documents referenced above.

This agreement (the "Agreement") is a binding legal document that may be amended unilaterally by Spectrum with or without notice to Subscriber.

Spectrum regularly updates and amends these Terms of Service. Subscriber should consult Spectrum's website www.spectrum.com to be sure Subscriber remains in compliance.

1. **Services Provided:** Spectrum Voice Service provides unlimited and/or measured calling within the United States and to those countries and US territories described in calling plans identified in the applicable Price Guide, in accordance with these terms and conditions. Subscribers must reside in an area where Spectrum is authorized to provide Voice Service and where, in Spectrum's sole discretion, it is technically and operationally feasible. Residential Voice Service is only intended for use by Subscriber, Subscriber's family and guests, and persons residing at Subscriber's residential premises, including persons temporarily subleasing Subscriber's residential premises.

2. **Monthly Service Fee:** Subscriber agrees to pay the monthly service charge for Spectrum Voice Service which is comprised of various fees and related taxes and surcharges. Spectrum reserves the right to increase or decrease any fee for Voice Service offered. Fees for Spectrum Voice Service shall be posted in the applicable Price Guide at www.spectrum.com, under "Terms of Service/Policies." Spectrum Voice Service will be terminated in the event Subscriber does not pay. Certain fees for Spectrum Voice Service are based upon periodic studies that analyze the intrastate, interstate and international minutes of all customers purchasing Voice Service.

3. **Voice Service Features:** Spectrum Voice Service is offered with the features below.

a. **Calling and Features:** Includes local, regional and/or long distance calling within the United States and to those countries and US territories described in calling plans identified in the applicable Price Guide, along with those calling features pertaining to each calling plan. Feature availability may vary by service area. A detailed list of features and calling plans may be found in the Price Guide at www.spectrum.com, under "Terms of Service/Policies." Direct dialed calls outside the coverage of any calling plan are available with per-minute charges or with one of Spectrum's International calling plans. Existing Subscribers who may purchase a plan other than a plan described in this Agreement, can find a description of their plan in the Price Guide.

b. **E-911:** Enhanced 911 ("E-911") is a feature of Spectrum Voice Service that allows emergency operators to automatically receive the telephone number and address of the dialing party. This E-911 feature has certain requirements in order to operate, as well as certain limitations:

- i. **IMPORTANT:** The emergency service provider handling the E-911 call, and the address the emergency service provider will see, are linked to the service address Spectrum has on file when Subscriber originally signed up for service. If Subscriber does not correctly identify where Subscriber's voice modem is actually located, or if the voice modem is moved away from the original service address, Subscriber's E-911 calls may be misdirected to the wrong location(s) or to the wrong emergency service provider(s). Therefore, in order to have E-911 calls routed correctly, Subscriber agrees not to move the voice modem from the service address at which it was installed by Spectrum and acknowledges responsibility to promptly notify Spectrum of any change in service address prior to moving the voice modem.

- ii. **IMPORTANT: Keeping Your Phone Number:** Please be aware that during the first 72 hours of arriving at Subscriber's new service address, if Subscriber dials 911 from their Spectrum Voice Service, Subscriber must relay to the emergency service operator the new (current) service address. This is necessary to ensure emergency services are dispatched to Subscriber's new service address and not the old service address in the event the emergency services operator may not have the new location in their records.

- iii. Spectrum Voice Service does not have its own power supply. If there is a power outage, or if there is a disruption to the cable network or facilities, the Voice Service will not work. Subscriber expressly acknowledges that in such cases it will not be possible to place or receive calls including calls to access emergency 911 services.

- iv. If Subscriber chooses, Subscriber may separately purchase a battery backup for use with the voice modem by calling Spectrum at 1-888-438-2427. Each battery backup is designed to provide standby power for the battery life chosen by the Subscriber, and at least 5 hours of "talk" time, during a power outage at Subscriber's residence that is not also a network-related outage.

- v. In some locations, E-911 service may not yet be available. Such services are dependent on the equipment and facilities of the local governments in which Spectrum provides Voice Service. In such cases, regular 911 service will be available and Subscriber will need to convey the location information to the emergency operator.

c. **Number of Lines:** Subscribers to Spectrum Voice Service can purchase up to two (2) lines at their service address.

d. **Installation:** Spectrum Voice Service offers professional installation and self-installation (not available in all areas).

- i. Professional installation includes activation of all existing working phone jacks or the installation and activation of one phone jack if there is not currently a working phone jack in Subscriber's residence. Additional wiring charges may apply if Subscriber requests additional jacks to be installed or activated. Additional charges may also apply for special construction needed to complete the installation. Spectrum also provides and installs a voice modem, or Multimedia Terminal Adaptor (MTA), that is used to communicate with our private communications network.

- ii. Self-installation (not available in all areas) provides the option for the Subscriber to pick-up a voice modem or MTA from a Spectrum retail location or have that equipment shipped to their home. Upon receipt of the equipment, the Subscriber must follow self-installation instructions provided by Spectrum. In order to qualify for self-installation the following installation conditions must be met: Subscriber's home's phone system must consist of a base unit with any additional cordless phones supported by the base unit; Subscriber's alarm, security and fax systems must not be dependent on Spectrum Voice Service; Subscriber's most recent voice provider was Spectrum, or Subscriber has had active Spectrum services in the last 2 years; and Subscriber will not need outlets moved or added.

Spectrum does not provide a handset. Subscriber is responsible for maintaining all inside wire and phones within the home. Subscriber has the option of Spectrum's Wire Maintenance Insurance that may help avoid costly repair charges. For a low monthly fee,

we can provide repair service for Subscriber's jacks and inside wiring. (The wiring must meet certified technical standards.) Wire maintenance is included in some bundles. For more information about Wire Maintenance Insurance, go online to Spectrum's Wire Maintenance plan information at www.spectrum.net/wiremaintenance. In certain buildings such as multiple dwelling units, Spectrum's technicians may not have access to Subscriber's inside wiring located within the multiple dwelling unit. In these instances, Spectrum has the right to determine how best to wire Subscriber's residence, subject to additional applicable charges.

e. International Calling: Spectrum Voice Service offers a per minute calling plan for direct-dialed calls made from Subscriber's residence to locations outside of their calling plan. If Subscriber chooses to use this service Subscriber will be charged for direct-dial international calls in addition to the flat monthly recurring rate that Subscriber pays for Spectrum Voice Service. Spectrum Voice Service also offers optional flat rate international calling plans for direct-dialed calls made from Subscriber's residence to locations outside of their calling plan. If Subscriber chooses an international plan, Subscriber will be charged a flat monthly fee for direct-dial international calls in addition to the monthly recurring rate that Subscriber pays for Voice Service. After Subscriber's monthly international calling plan minutes are used, unless Subscriber's plan includes unlimited international calling, each additional minute will be charged at a per-minute rate. For both per-minute international calling and international calling plans, calls are measured in increments of one minute. All calls which are a fraction of a minute are rounded up to the next whole minute. Timing on completed calls begins when the call is answered by the called party. Answering is determined when call signaling provided by the terminating local carrier, and/or any intermediate carrier(s), so indicate. Timing terminates on all calls when the calling party hangs up or when Spectrum's network receives a termination signal from the terminating local carrier and/or any intermediate carrier(s). Unused minutes per month do not roll over to the next month. You may access international rates and information about international calling plans online at www.spectrum.net/rates.

f. Voice Service Modifications: Spectrum may, from time to time, offer additional Voice Service features or functionality, or discontinue certain Voice Service features or functionality. Information about these features or functions will be available in the applicable Price Guide at www.Spectrum.com, under "Terms of Service/Policies." These additional Voice Services features or functions may be subject to additional specific terms and conditions, and may be subject to change at any time by Spectrum.

g. Caller Name: Spectrum Voice Service will associate Subscriber's name on the Spectrum account to the telephone number to be displayed in association with the caller name lookup services ("CNAM") provided as part of the Voice Service for all calls made from any of the Spectrum telephone numbers on the account. In the event that Subscriber wishes to modify the caller name associated with the CNAM, Subscriber agrees to the following: caller name submission(s) shall not mislead or impersonate any person or company; caller name submission(s) shall not contain false information and shall accurately represent the name of the person that subscribes to the Voice Service and that is included in directory listings, if any; caller name submission(s) shall not contain abusive, defamatory, vulgar, obscene, racist or any other language objectionable to any person or entity as determined by Spectrum, in its sole discretion; and caller name submission(s) shall comply with all relevant laws, rules and regulations.

h. Outgoing Number: Subscriber's outgoing calls must use an active, valid telephone number assigned to Subscriber. Use of invalid or unassigned telephone numbers are prohibited for outgoing calls.

i. Robocall Management: Subscriber may manage its per telephone number call-blocking preferences by accessing its account at <https://Spectrum.net> and then selecting the Call Guard feature. Subscriber may manage Robocall settings, review blocked calls, add/remove trusted numbers, and report misidentified/blocked calls. Incoming Caller ID alerts will display calls as normal or as spam. Blocked calls will not be displayed. Subscriber may report misidentified or blocked calls at <https://reportspam.spectrum.com>. Calls blocked through Spectrum's network management practices will not be delivered to Subscriber or affected by Subscriber's call-blocking preferences.

4. Voice Service Limitations:

a. Service Outages: The Spectrum Voice Service modem is electrically powered and will not work in a power outage or if the broadband connection is disrupted or not operating. In the event of power outages, the modem, including all phones and Voice Services connected to or powered by it, will not work. Power outages will disrupt E-911 service and the use of Spectrum Voice Service as the connection between a home security system and central monitoring services. To reduce this risk, Subscriber may choose to purchase a battery backup for use in the event of a non-network related outage.

b. Home Security Systems: Although Spectrum Voice Service will supply a connection that will allow the operation of Subscriber's existing home security system, Spectrum does not guarantee that any such system will be in complete operational order following the installation of the Voice Service. As such, it is Subscriber's obligation to contact their home security system provider to inform them of Spectrum Voice Service installation, and any change in phone number, and to request a complete operational test of their system immediately following installation of the Voice Service. In addition, it is Subscriber's responsibility to test their system on a regular basis. In the event of a power outage or network outage (whether unplanned or maintenance related), Subscriber's Voice Service, including any home security system which uses the Voice Service to connect to central station monitoring, will not function. As set forth in Section 3(b)(iv) above, Subscriber may separately purchase a battery backup for use with their voice modem in the instance of a non-network related outage.

Like any other communications service provider, we do not represent that our service is fail-safe. In addition, Spectrum prohibits the use of Spectrum Voice Service as the connection between medical alert systems and a central station monitoring service, and will neither connect to such services nor provide technical support for the connection.

c. Additional Limitations:

- i. Currently, certain operator-assisted services such as busy line verification and busy line interruption, dial around services (10-10-XXX), pay services (900 and 976 services), and third party billing are not offered with Voice Service.

- ii. If Subscriber receives Voicemail, Subscriber may be eligible for voice-to-text or voice-to-email ("Readable Voicemail") as part of the Voicemail feature. As a result of the voice-recognition software used by Spectrum, some processed messages may not be fully transcribed and will appear as incomplete messages. In such cases, Subscriber may obtain the full message by listening to the Readable Voicemail message. As a condition of using the voice-to-text or voice-to-email feature, Subscriber consents to allow Spectrum, or its service vendors, to process those voice files and to use voicemail

messages, and other data associated with such messages, to enhance and/or improve the feature.

- iii. Spectrum's obligation to furnish Voice Services is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary facilities and equipment. Spectrum may limit communications, refuse to provide Voice Services or discontinue Voice Services when necessary because of: (i) the lack of transmission medium, transmission capacity or any other facilities or equipment; (ii) the lack of available services from, or interconnection with, the services or facilities of service providers; or (iii) any cause beyond Spectrum's control.

- iv. Spectrum shall use reasonable efforts to make Voice Services available by the estimated service date. Spectrum shall not be liable for any damages resulting from delays in meeting the estimated service date due to delays resulting from normal installation procedures. Such delays shall include, but not be limited to, delays in obtaining right-of-way approvals, delays in actual construction work being done by Spectrum, including its contractors or representatives, and any delays due to any other service provider where Spectrum is relying upon such provider to meet an estimated due date which is beyond Spectrum's control.

- v. Spectrum offers the use of its facilities for communications between Subscriber and other parties. Spectrum is not responsible, and shall have no liability, for any communications or miscommunications between Subscriber (including any users) and other parties (including operator-assisted, 911 and E-911 calls).

- vi. At Spectrum's discretion, facilities of other service providers may be used in establishing connections to points not reached by Spectrum's facilities. In establishing connections with other providers, Spectrum is not responsible or liable for any action or inaction of other service providers.

- vii. Spectrum may use network management practices to block calls that have unassigned, invalid, or fraudulent numbers, that are identified as spam or malicious, that have suspicious calling patterns, or as otherwise permitted by applicable law. Calls blocked using these network management practices will not be delivered to Subscriber.

d. Equipment: Spectrum Voice Service requires a voice modem. Spectrum will supply a voice modem for so long as Subscriber remains a Voice Service Subscriber or until Spectrum changes its Voice Service offering. Depending on the Spectrum Voice Service plan, there may be a monthly charge for the voice modem. Upon termination of Spectrum Voice Service for any reason, Subscriber may be asked to return the Spectrum-supplied voice modem within thirty (30) days or Subscriber will be charged an equipment fee equal to the fee charged by Spectrum at the time the voice modem was supplied by Spectrum. An exception to this return policy is when the modem is also supporting Internet service, in which case Subscriber may continue to use the modem until such time as Internet is no longer provided or Spectrum requests a substitution of the modem. Equipment and facilities furnished by Spectrum to provide Voice Service (except for inside wiring and inside jacks) are the property of Spectrum. Telephone numbers assigned to Subscriber by Spectrum are portable and transferable with Subscriber at the same location; however, Subscriber has no property right in telephone number(s) or any other call number designations associated with the Voice Services, and Spectrum may change such numbers as deemed necessary.

5. Term: Spectrum Voice Service shall continue until such time as terminated by Subscriber, which shall be effective upon notice, or terminated by Spectrum for breach (including nonpayment) of this Agreement, or otherwise terminated by Spectrum in accordance with the Terms of Service.

6. Directory Listing: Spectrum Voice Service offers Subscriber a Private Number service as the default, or a directory listing upon request. Depending on the location and Subscriber's preference, Spectrum Voice Service may include one (1) basic directory listing in an alphabetical white pages directory, or other comparable online directory, containing an alphabetical list of names, telephone numbers and addresses of all telephone customers in a particular geographic area set by the publisher. The alphabetical list of customer names is for the purpose of informing interested parties of the telephone number and address of listed customers, and special position or arrangement of names may be provided for an additional charge. Listings shall conform to the publisher's practices with respect to published directories. Spectrum limits the length of any listing in the directory by the use of abbreviations when, in Spectrum's opinion, the clarity of the listing or the identification of the customer is not impaired by doing so. The duration of directory listings, when the listings have been published, is the directory period. The directory period is from the day on which the directory is first distributed to customers to the day the succeeding directory is first distributed to customers. Spectrum's liability for directory listing errors or omissions is set out in Section 7, "Limitation of Liability."

7. Limitation of Liability:

a. Spectrum Voice Service is provided "AS IS." THE LIABILITY OF SPECTRUM, OR ITS SERVICE VENDORS, FOR DAMAGES OR LOSSES ARISING OUT OF THE FURNISHING OF VOICE SERVICES HEREUNDER, INCLUDING BUT NOT LIMITED TO MISTAKES, OMISSIONS, INTERRUPTIONS, DELAYS, ERRORS OR OTHER DEFAULTS, REPRESENTATIONS OR USE OF THE VOICE SERVICES, OR ARISING OUT OF THE FAILURE TO FURNISH THE VOICE SERVICE, INCLUDING E-911/911 SERVICE, WHETHER CAUSED BY ACTS OF COMMISSION OR OMISSION, AND/OR LOSS OF ELECTRICAL POWER, SHALL BE LIMITED TO AN ALLOWANCE PRORATED FOR THE TIME PERIOD OF THE VOICE SERVICE INTERRUPTION. SPECTRUM, INCLUDING ITS SERVICE VENDORS, SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE LOSSES OR DAMAGES, INCLUDING LOSS OF PROFITS, LOSS OF EARNINGS, LOSS OF BUSINESS OPPORTUNITIES AND PERSONAL INJURIES THAT A SUBSCRIBER, OR SUBSCRIBER'S USERS, MAY SUFFER. FINALLY, SPECTRUM, AND ITS SERVICE VENDORS, SHALL NOT BE LIABLE FOR ANY LOSS OR INTERRUPTIONS IN VOICE SERVICE OR FOR ANY DAMAGES OR LOSSES DUE TO THE FAULT OR NEGLIGENCE OF SUBSCRIBER, ANY SUBSCRIBER USER, OR ANY OTHER PARTY OR PERSON(S), OR DUE TO THE FAILURE OR MALFUNCTION OF SUBSCRIBER-PROVIDED OR USER-PROVIDED EQUIPMENT OR FACILITIES, OR DUE TO THE FAILURE OF SUBSCRIBER TO FULFILL ANY OBLIGATION UNDER THIS AGREEMENT.

b. Directory Listings. SPECTRUM'S LIABILITY FOR DAMAGES DUE TO ERRORS OR OMISSIONS IN DIRECTORY LISTINGS WILL BE LIMITED TO A ONE-TIME CREDIT EQUAL TO ONE MONTH'S RECURRING MONTHLY FEE FOR THE VOICE SERVICE (NOT INCLUDING ONE TIME CHARGES, MEASURED AND PER-CALL CHARGES AND RELATED TAXES AND FEES). SUBSCRIBER AGREES TO INDEMNIFY AND HOLD SPECTRUM HARMLESS AGAINST ANY AND ALL CLAIMS FOR DAMAGES CAUSED OR CLAIMED TO HAVE BEEN CAUSED, DIRECTLY OR INDIRECTLY, BY THE PUBLICATION OF A LISTING WHICH SUBSCRIBER HAS REQUESTED TO BE

OMITTED FROM THE APPLICABLE WHITE PAGES DIRECTORY, INCLUDING ANY ONLINE DIRECTORY, OR THE DISCLOSING OF SUCH A LISTING TO ANY PERSON (INCLUDING ANY MISTAKE OR ERROR IN SUCH LISTING).

8. Installation: Charges for installation services and equipment will be charged at the then current rate in effect.

9. Taxes: Applicable fees, taxes and surcharges, if any, will be added to Subscriber's monthly bill. For non-Spectrum Pricing Plan packages, applicable fees, taxes and surcharges, will be disclosed on your monthly bill in addition to the Voice Service rate. For Spectrum Pricing Plans, applicable fees, taxes and surcharges will be included in the monthly rate you pay and disclosed in the Billing Information section of your bill.

10. Proprietary Rights: Spectrum and/or its service vendors own all rights in and to the Voice Services. Subscriber has a limited right to use the Voice Service in accordance with these Terms of Voice Service. However, the Terms of Service do not grant Subscriber (or any user) any rights to, or interests in, patents, copyrights, database rights, trade secrets, trade names, trademarks or service marks (whether registered or unregistered), or any other rights or licensees related to Spectrum Voice Service (including all of its features) or any related documentation.

11. Prohibited Uses:

a. Non-Residential Use: Spectrum Voice Service may be used as a residential voice service only and may not be used for commercial purposes, including, but not limited to, telemarketing, call center services, medical transcription or facsimile broadcasting. In addition, auto-dialers and predictive dialers may not be used with Spectrum Voice Service. Spectrum Voice Service is intended to be used consistent with its intended normal residential use. For instance, unlimited voice plans are intended to be used for continuous live dialog between Subscriber and a third party. Certain other activity such as excessive consistent usage, unusual call patterns, and lack of continuous dialog activity may be presumed indicative of use that is inconsistent with normal residential use of the Voice Service in violation of the Terms of Service. Voice Service may not be used to interfere with or impair Service over any facilities and associated Spectrum equipment, or to impair the privacy of any communications over such facilities and associated Spectrum equipment. Voice Service may not be used in any way, including by combining Service features, as to change the functionality of the Voice Service or its component features in any manner that is inconsistent with standard residential calling patterns and practices or the Terms of Service. Such non-standard calling patterns and practices include, but are not limited to, use of 3-Way Calling, Call Forwarding, and/or non-Spectrum equipment that results in unusually high traffic volumes or excessive long distance usage. Spectrum, in its sole discretion, reserves the right to: (i) reclassify Subscriber's Voice Service from residential to business, and to immediately apply business rates in the event of misuse or excessive use of the Voice Service by Subscriber, including any users of Subscriber's Voice Service; or (ii) immediately terminate Subscriber's Voice Service for such misuse or excessive use.

b. Fraud; Illegality: Spectrum may block calls that are made to certain countries, cities or telephone exchanges, or that use certain authorization codes if, in its sole discretion, Spectrum deems it reasonably necessary to prevent unlawful or fraudulent use of the Voice Service. Subscriber is responsible for securing Subscriber's telephone equipment, and Spectrum's equipment located at Subscriber's premises, from being used to place fraudulent calls using Spectrum Voice Service provided to Subscriber. Subscriber

is also responsible for any fraudulent or unauthorized use of the Voice Service that occurs through Subscriber's account regardless of who is responsible for such usage. Subscriber shall be solely responsible for payment of all applicable charges for Voice Service provided by Spectrum and charged to Subscriber's account, even where calls are originated by fraudulent means either from Subscriber's premises or from remote locations. Spectrum is not liable for any damages or fees, including toll usage charges, Subscriber may incur as a result of unauthorized use of the Voice Service provided to Subscriber. Unauthorized use of Subscriber's facilities may include, but is not limited to, the placement of calls from Subscriber's premises and the placement of calls through Subscriber's equipment that are transmitted or carried on Spectrum's network. Misuse of Voice Service could include voice modem hijacking, excessive usage of International calling, 411 directory assistance calls and other per-use charges.

c. Violations. In addition, Spectrum reserves the right to discontinue Voice Service when Subscriber or its users is using the Voice Service in violation of law or the provisions of the Terms of Service.

12. Amendments: Spectrum may, in its sole discretion, change, modify, add or remove portions of this Agreement and any of the Terms of Service at any time. Spectrum may notify Subscriber of any such changes by posting notice of such changes on Spectrum's website at www.Spectrum.com, under "Terms of Service/Policies," or sending notice via electronic mail or U.S. postal mail. Subscriber's continued use of Spectrum Voice Service following such change, modification or amendment shall be deemed to be Subscriber's acceptance of any such modification. If Subscriber does not agree to any modification of this Agreement, Subscriber must immediately cease using the Voice Service and notify Spectrum that Subscriber is terminating the Voice Service. In addition, this Agreement is subject to change in compliance with applicable law without notice.

13. Entire Agreement: This Agreement shall be posted along with the Terms of Service governing Subscribers' use of Spectrum Voice Service at www.Spectrum.com, under "Terms of Service/Policies," and are the only terms and conditions that govern Spectrum Voice Service. No undertaking, representation or warranty made by any agent or representative of Spectrum in connection with the sale, installation, maintenance or removal of Voice Services shall modify or amend this Agreement or the Terms of Service.

Depending on the portions of the Spectrum Platform you access, use, or to which you subscribe, parts of this Privacy Policy may not apply to you. If you have questions about this Privacy Policy, please contact us directly using the information in the "How to Contact Us With Questions About This Privacy Policy" section below.

Some Spectrum products and services may have additional privacy practices that are described in product- or service-specific sections in this Privacy Policy or may be provided to you in different ways, such as our commercial agreements for Spectrum Enterprise services. To the extent there is an overlap between the privacy disclosures in this Privacy Policy and a product- or service-specific privacy notice (e.g., the Spectrum Biometric Data Privacy Notice), the privacy disclosures set forth in the product or service-specific notice or commercial agreement will apply and control with respect to such product or service.

Sometimes you may access websites (e.g., news websites, shopping websites, internet search engine, etc.) or services (e.g., non-Spectrum email and instant messaging services or video streaming services, gaming services, data storage services, etc.) that we do not own or control through the Spectrum Platform. We urge our customers to be careful and aware of the privacy practices of these third parties, because this Privacy Policy does not extend to parties that collect information outside of our control and does not cover information that third parties may collect.

Some of our cable advertisements will ask for your permission to take certain actions, like mail you information or allow the advertiser to contact you. In some areas we will be able to address advertisements to your household through our cable system that will be more relevant to your interests based on your Video Usage Information and/or Combined Information. For information about how to limit the use of information for these purposes, see the "[Your Choices](#)" section below.

In addition to the advertising we deliver, we allow third-party ad serving companies and other unaffiliated advertisers to display advertisements on our websites and within some of our mobile applications. These third parties may collect information about you when you use the Spectrum websites and apps or when you Interact with these third party advertisements. For information about how to limit the use of your information for these purposes, see the "[Your Choices](#)" section below.

WITH WHOM WE SHARE INFORMATION (back to [top](#))

Account Holders and Other Authorized Users

We may disclose certain information about a customer's account and use of a service or feature to the primary account owner only after appropriate authentication. The primary account owner may also authorize other users to access certain information on the account, which may include information about the primary account owner's use of the relevant service.

Charter/Spectrum Related Businesses

We may share information about you with other Charter and Spectrum related companies in order to provide the services you have requested or to which you subscribe, or to make your Spectrum experience more streamlined, such as through combining account information into a single location for easier access.

Service Providers

We may disclose your information to service providers who perform business activities and functions on our behalf to support our interactions with you such as billing and collections, payment processing, analytics and research, marketing and advertising, service delivery and customization, maintenance and operations, and fraud prevention. These service providers are authorized to use your personal information only as necessary to provide these services on our behalf.

Governmental Entities or Pursuant to Valid Legal Process

We may disclose personal information to comply with valid legal process, including subpoenas, court orders or search warrants. In some instances where there is a valid legal request or an order for disclosure of information about you, we may notify you of such request or order and then it may be up to you to object or take specific action to prevent any disclosures pursuant to those requests or orders.

If you subscribe to any Spectrum services, we may be required by law to disclose information about you, including information that personally identifies you, your use of our services, and the content of your communications, to governmental entities upon receipt of valid legal process.

Third Parties

We do not sell to or share with third parties, for their own marketing or advertising purposes, any information that personally identifies our customers or other individuals who use our products, services, or applications; however, in some cases we may dis-

close non-personally identifiable information, such as an IP address or device identifier, to a third-party partner as needed to support our advertising business and our video programming distribution business.

If you subscribe to our telephone service, your name, address and/or telephone number may be transmitted via Caller ID, published and distributed in affiliated or unaffiliated telephone directories, and available through affiliated or unaffiliated directory assistance operators. We take reasonable precautions to ensure that non-published and non-listed numbers are not included in the telephone directories or directory assistance services, although we cannot guarantee that errors will never occur. Please note that Caller ID blocking may not prevent the display of your name and/or telephone number when you dial certain business numbers, 911, 900 numbers or toll-free 800, 855, 844, 866, 877 or 888 numbers. But note that Spectrum Mobile does not publish directories of customers' wireless phone numbers and we do not make those numbers available to others for listing in directories.

Some of the advertisements we display may invite interactive or transactional follow-up from you. When you interact and provide your consent, we may share your contact information with such advertiser for the purpose of fulfilling your request. We may also share individually de-identified and/or aggregate information, including our business and marketing reports, with third parties for their own purposes.

If we enter into a merger, acquisition, or sale of all or a portion of our assets, we may transfer information about you, including information that personally identifies you, as part of the transaction.

WHAT CHOICES YOU HAVE TO CONTROL THE USE OF INFORMATION BY SPECTRUM (back to [top](#))

You have choices in controlling how we use and share your information for marketing and advertising purposes. For instance, you can always choose whether to receive promotional emails or text messages. When you visit our websites, you may opt out of interest-based advertising, and when you use our mobile applications, you can limit the use of ad trackers. Visit our [Privacy Preference](#) page to manage your marketing communication and privacy preferences, including, for example:

- to be added to our marketing communication preferences list (e.g., "Do Not Call"), which will limit the marketing and advertising messages you receive from us about Spectrum products and services;
- to limit our use of customer proprietary network information ("CPNI") for marketing and advertising of our own products and services; and
- to limit our use of Video Usage Information, Combined Information, or our business and marketing reports to direct addressable advertisements or interest-based advertisements to you as further described in the preference center.

Some of the preferences will only apply when you subscribe to Spectrum services and may require additional account information. If you make changes to your contact information or get a new account, you will need to review and update your privacy preferences.

If you are a Spectrum customer and do not have access to Internet service, you may call us at the number provided on your monthly bill statement to be added to any of these lists.

If you are not a Spectrum customer and would like to add your name to marketing opt-out lists, please call 833-845-3726.

Please note that even if you choose to limit the use of information or communications for marketing and advertising purposes, you may still receive general marketing and/or advertising messages, in addition to service-related communications.

In certain states (e.g California and Colorado) you may opt out of the sale or sharing of your personal information and targeted or cross-context behavioral advertising by broadcasting a universal opt-out signal, such as the Global Privacy Control (GPC), on the browsers and/or browser extensions that support the GPC. For more information about privacy preferences visit our [Privacy Preference](#) page.

Cookies, Tracking Technologies, and Interest-Based Advertising

Some of our websites use certain web analytics services, such as Google Analytics and Adobe Analytics. These services use cookies or other tracking technologies to help us analyze how users interact with and use the Spectrum websites, compile reports on the websites' activity, provide other services related to website activity and usage, and help us identify and communicate with potential customers. The information generated by these web analytics services are transmitted to and stored by those entities and are subject to their respective privacy policies. To learn more about Google Analytics and Adobe Analytics, including how to opt-out of tracking of analytics, please visit the following links managed by Google ([Google Cookies](#)) and Adobe ([Adobe Privacy Center](#)).

Many of the third party advertisers that place tracking tools on the Spectrum websites are members of programs that offer you additional choices regarding the collection and use of your information. You can learn more about the options available to limit these third parties' collection and use of your information by visiting the websites for the [Network Advertising Initiative](#) and the [Digital Advertising Alliance](#), as well as the webpages for [Facebook's ad preferences tool](#) and [privacy policy](#).

Similarly, you can learn about your options to opt-out of mobile app tracking by certain advertising networks through your device settings. For more information about how to change these settings for Apple or Android devices, see:

Android: <http://www.google.com/policies/technologies/ads/>

Some of our Spectrum Platforms (e.g., our Spectrum TV application) may include Nielsen's proprietary measurement software, which will allow you to contribute to market research, like Nielsen's TV Ratings. CPNI

When you initiate an interaction with one of our representatives, such as a phone call or a chat, we may ask for your oral consent to our use of your CPNI for the purpose of providing you with an offer for other products or services, such as Spectrum cable video service. If you consent, we may use your CPNI for the duration of that interaction to offer you those additional products and services.

If you subscribe to the Spectrum Voice® or Spectrum Mobile service, you have the option of allowing us to use the CPNI we have on file to provide you with information about products and services or special promotions for other communications-related products and services to which you do not already subscribe. You have the right to restrict this use of CPNI. If you opt out of this use, you will experience no effect on your services. We will wait at least thirty days from the date we first provide notice to you, as a subscriber of the Spectrum Home Phone service or Spectrum Mobile service, before we use your CPNI for this purpose. During that time and at any time after, you may opt-out of our use of your CPNI for these marketing purposes by calling us at the number provided on your monthly billing statement or visiting our [Privacy Preference](#) page.

HOW WE PROTECT YOUR INFORMATION (back to [top](#))

We take our responsibility to secure the information we collect and maintain seriously. We use reasonable security, including technical, physical and administrative controls, to secure the information we collect and maintain. However, we cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose Spectrum information.

You can help protect the privacy of your own information by using encryption and other techniques to prevent unauthorized interception of your personal information. You are responsible for the security of your information that you transmit to us or view, download, or otherwise access when using unencrypted, public or otherwise unsecured networks. For more information on things you can do to help protect the privacy of your own information, visit www.spectrum.com/security or www.OnGuardOnline.gov.

HOW WE PROTECT CHILDREN'S PRIVACY (back to [top](#))

We do not knowingly collect personal information from anyone under the age of 16. If you believe that a child under 16 years of age has provided us with personal information, please contact us at the address below.

YOUR RIGHTS AND OUR LIMITATIONS ARE UNDER FEDERAL LAWS (back to [top](#))

The Cable Act and Personally Identifiable Information

Section 631 of the Cable Communications Policy Act of 1984, as amended, (the "Cable Act") imposes certain limitations on our collection, use, and sharing of information that personally identifies you when you subscribe to cable video and telecommunications services, or other services provided using the facilities of the Spectrum cable system. The Cable Act provides you with the right to know about the personally identifiable information we collect about you and how we use it; under what conditions and circumstances and the types of persons and entities to whom we may disclose personally identifiable information; how long we maintain personally identifiable information; the limitation on our ability to collect and disclose personally identifiable information collected from the cable system; and provides you with the right to request access to review and correct your personally identifiable information. Personally identifiable information is information that identifies a particular person; it does not include de-identified or aggregate data that does not identify a particular person or persons.

If you would like access to the personally identifiable information we maintain in our business records pursuant to the Cable Act, please send a written request to your local Spectrum office or call us at the number provided on your monthly billing statement and we will make an appointment for you to visit during normal business hours. You will only be permitted to examine records that contain personally identifiable information about your account and no other account. If your review reveals an error in our records, we will correct it. We reserve the right to charge you for the cost of retrieving and photocopying any documents that you request.

The Cable Act permits us to use the cable system(s) to collect personally identifiable information about our subscribers when it is necessary to render services and to detect unauthorized reception or use of the Spectrum Cable Act Services. We may use the cable system to collect personally identifiable information about a subscriber for additional purposes with a subscriber's prior written or electronic consent. The Cable Act also permits us to disclose personally identifiable information if the disclosure is necessary to render, or conduct a legitimate business activity related to, the cable service or other services provided; required by law or legal process; or limited to your name and address under a "mailing list" exception, as described in this Privacy Policy. We do not sell or share customer names and addresses with third parties for their own marketing or advertising purposes. If we decide to do this in the future, we will provide you notice and an opportunity to opt out of such sharing.

When a government entity is seeking information about your selection of video programming, you have additional rights as described in the "Governmental Entities or Pursuant to Valid Legal Process" subsection of "[When We Share Information with Others](#)."

If you believe that you have been aggrieved by any act of ours in violation of law, we encourage you to contact us to resolve your question or concern. You may also enforce the limitations imposed on us by the Cable Act with respect to your personally identifiable information through a civil lawsuit in federal district court seeking damages, attorneys' fees, and litigation costs. Other rights and remedies may be available to you under federal or other applicable laws as well. Your Spectrum Residential Services Agreement contains your agreement that, to the extent permitted by law, any claims under the Cable Act may be enforced in arbitration.

The Communications Act and CPNI

Section 222 of the Communications Act provides additional privacy protections for information about the quantity, technical configuration, type, destination, location, and amount of your use of the Spectrum telecommunications services, and information about your Spectrum phone service that is contained on your bill. This information, when linked to an identifiable customer of such service, is known as customer proprietary network information or "CPNI." CPNI does not include a customer's name, address, and telephone number.

If you subscribe to Spectrum Voice® or Spectrum Mobile service, we have an obligation under federal law to protect the confidentiality of CPNI and to provide you with information about how we use your CPNI and explain the choices you have. Those additional protections and the choices you have regarding the use and sharing of such information are reflected in this Privacy Policy.

If you want access to the CPNI data we maintain about your account, we will provide a copy to you at the address of record for your account, or to any person authorized by you, if we reasonably believe the request is valid. For telephone and online access to your CPNI, you must first authenticate your identity before we can disclose CPNI to you or your authorized agent.

Spectrum Mobile Applications

When you use Spectrum mobile applications, we may also automatically collect information about the devices you use to access the application or our services and the content you view. The information we may automatically collect depends on how you access the services and content and includes:

- information related to the use and operation of the App;

- usage data associated with how you interact with the App;

Our location-based features are based on the location of your Spectrum service account and the location, including the precise geolocation, of a device in which you have both installed a mobile application (e.g., the Spectrum TV Application, My Spectrum Mobile App, Connection Manager) (each individually an "App") and have enabled location services. If you do not want the App to collect your device's precise geolocation, you can disable location services on your device using the device settings. Please note that

location data, including precise geolocation, will be collected when your location service is enabled for this App when the App is running in the foreground, background, or even if you are not directly using the application depending on your device.

Some of the App's features are only available while you are on the Spectrum network or when connecting from your home Wi-Fi account. The App will use your IP address and other information to determine whether you are on or off the Spectrum network or connecting via your service account.
