Tala Allababidi

Re: Undergraduate Research Grant Approval

Project Title: Investigating the antimicrobial activity of honeybee-derived product against the pathogenic bacteria *Francisella tularensis*

Congratulations, the Office of Undergraduate Research & Innovation is pleased to inform you that your funding request has been approved in the amount of **\$1,000.00**. The awarded funds must be used by April 15, 2020. The following terms and conditions apply to your award:

- Your project must be overseen by a faculty mentor.
- Student(s) working on the project must be in good academic standing.
- All related expenses must be included in the approved budget and a report of your project expenses needs to be included with your final summary.
- The maximum amount the program can award for travel is \$300.00 per student, and requires a department match or a match from another funding source.
- **Unspent funds must be returned to the program.**
- Student(s) will submit a final report to their faculty mentor and the Office of Undergraduate Research & Innovation no later than May 15, 2020.
- If your research involves human and/or animal subjects, Institutional Review Board (IRB) or Institutional Animal Care and Use Committee (IACUC) approvals are required. Proof of this approval must be presented before funds will be disbursed. * Please start this approval process immediately to avoid delays in receiving committee approvals. For questions regarding IRB/IACUC, email researchintegrity@etal.uri.edu or go to web.uri.edu/research-admin/office-of-research-integrity/.

To accept this award, please sign below and return this letter to the Office of Undergraduate Research & Innovation, so the funds can be allocated.

Best of luck with your independent project!

Sincerely,

Deedee Chatham
Director, Office of Undergraduate Research & Innovation
