

Thank you! Your order has been submitted.

Order confirmed!

Now label and ship your samples

Please review these instructions carefully

Please send samples in strip tubes or 96-well plates **ONLY**

Orders sent in individual tubes or not labeled properly will be discarded

Number of samples submitted: 8

Order type: Plasmid

Total: \$120.0

Order label: **BO**

Please write the order label on the first tube of each strip and the strip number on the second tube of each strip

DO NOT write sample names or anything else on the tubes

Reinforce strip tubes with a LIGHT layer of parafilm and/or encase in something hard, like a Falcon tube, to prevent tubes opening during shipping

Please submit at least 10 uL normalized to 30 ng/uL in water or EDTA-free buffer

Please write the following on a piece of paper, or print this page, and include it with your shipment:

Kathryn Ramsey

kramsey@uri.edu

8 samples, order label BO

Optionally, on the back of the paper, draw a dinosaur

If our kids like it, you might win a prize

Art becomes our sole property to exploit as we wish

Send your tubes in an envelope at room temperature

DO NOT send boxes (except for very large submissions) or include chill packs or dry ice

Samples should be sent via express courier (UPS, FedEx, DHL, etc.) to the following address:

plasmidsaurus

Institute of Molecular Biology

1318 Franklin Blvd, Room 273 Onyx Bridge

Eugene, OR 97403-1229

phone #: (541) 912-1337

**After you ship, enter your courier and tracking number
in the Recent Orders section of your Dashboard**

Thank you for choosing plasmidsaurus!
