

Please send samples in strip tubes or 96-well plates ONLY

Orders sent in individual tubes or not labeled properly will be discarded

Each order will be assigned a 2-letter order label after the order has been entered through your plasmidsaurus.com account

Please write the order label on the first tube of each strip and the strip number on the second tube of each strip

Single-sample orders can be sent in a single PCR tube or strip tube labeled with the order label

DO NOT write sample names or anything else on the tubes
